Resort Area Gets New Air Service

Tomorrow is a Red Letter Day transportation-wise for Palm Springs.

Arrival of a Western Airlines four-engine jet-prop plane at 10:04 a.m. will mark the start of through air service between Palm Springs and the desert resort area and San Francisco and the Bay area. It will also mark a big step ahead in a prolonged effort by local leaders for expanded service to the major population centers of the nation. Up to now the only "big city" connection was to Los Angeles where lengthy layovers usually were required for service to other points both east and north.

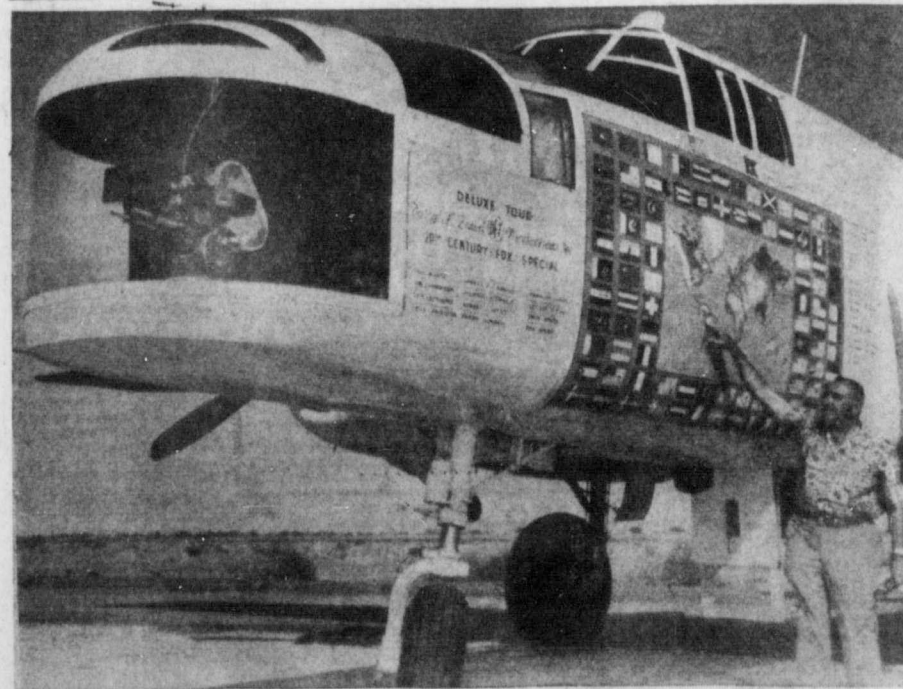

Contract on New Hospital Wing Given

A \$253,770 contract for construction of a new service wing for Desert Hospital, Palm Springs, was awarded Friday to L. P. Scherer, Inc., Robert Henwood, hospital administrator, announced.

The action was taken by four members of the board, with Clifford Babin, board secretary, presiding. Base bid for the job was \$212,800. Site improvements accepted were bid at \$6,970, and a new electric power station at \$34,000. The new power station will serve the ultimate 250-bed hospital, Henwood explained.

The total contract price is \$253,770, and miscellaneous costs, including utility line moves, inspection, and attendant costs will raise the project to \$272,899. Money for the new wing are in the hospital's capital improvement reserve fund, Henwood said.

The Scherer firm, now constructing a 24-bed addition to the 64-bed hospital, is expected to begin work on the new project next week, and complete the job by mid-summer 1963.

NEWS in BRIEF

BERLIN (UPI) — The threat of nuclear-armed U. S. planes poised along Germany's Iron-Curtain border may convince Russia that the West will tolerate no interference with the Berlin air corridors, Western sources said today.

The disclosure that planes and ground troops armed with nuclear-capable weapons are ready to swing into action may force the Russians to think twice before taking any steps to close the three vital air links, the sources said.

VANDENBERG AFB, Calif. (UPI) — The first Minuteman "instant" missile launched on the West Coast was destroyed Friday after it reached 75,000 feet. The unarmed missile roared aloft from its underground silo in heavy fog and wind in what appeared to be a perfect launch in the start of a 4,000-mile trip down the Pacific Missile Range.

NEW YORK (UPI) — Nelson Cornelious (Bulldog) Drummond, 33, a 16-year veteran of the Navy, was arraigned in federal court today on charges of conspiring to peddle U.S. defense secrets to Soviet Russia.

UNITED NATIONS, N.Y. (UPI) — A proposal by Laos for the neutralization of all Southeast Asia commanded attention of U.N. delegates today.

Laotian Foreign Minister Quinim Pholsena made the proposal to the General Assembly late Friday in a policy speech in which he pledged his country's "unshakable determination" to abide by the neutralization agreement worked out in a 13-power Geneva Conference last July.

State Troopers Guard Mississippi Governor

Barnett Faces Federal Arrest For Contempt

JACKSON, Miss. (UPI) — Gov. Ross R. Barnett, ordered arrested unless he mends his opposition to desegregation of the University of Mississippi, was guarded today by state troopers.

The 64-year-old governor was convicted of contempt of court on Friday. A fine of \$10,000 a day was ordered levied against the defiant chief executive unless by Tuesday at 11 a.m. he cooperates in admitting Negro James H. Meredith to "Ole Miss."

The government was expected to make a move before then in its attempt to get Meredith admitted to the university, located at Oxford.

To Attorney General
The ruling of the U.S. Fifth Circuit Court of Appeals in New Orleans specified that, unless Barnett purges himself of contempt, he "shall be committed to and remain in the custody of the attorney general of the United States."

That left up to Robert F. Kennedy the assignment of taking him into custody. The Justice Department has assembled 700 deputy U.S. marshals at Memphis, 80 miles north of the Oxford campus, where 300 state troopers and sheriff's deputies last Thursday massed to halt Meredith.

The marshals are being aided in Memphis by about 110 U.S. Army combat engineers, sent to Tennessee to act as "housekeepers" for the federal police. The convoy carrying the 29-year-old Negro turned back when it heard of that lineup and of the crowd of thousands, including about 2,000 Mississippi students, who had gathered at the gate of the university.

Showdown Expected Monday
The loophole giving Barnett until Tuesday to comply with the court order made it evident there was not likely to be any more by the federal government over the weekend although the registrar's office was to be open until noon today. It was expected Monday might be showdown day.

Barnett boycotted the New Orleans hearing. He was at his office at the state capitol building here when the news of his conviction arrived. He went into a huddle with lawyers and state legislators and sent out word to newsmen he had "no comment."

NEW YORK (UPI) — Mrs. Eleanor Roosevelt has entered Columbia-Presbyterian Medical Center here for what was described as a medical checkup.

ROTARY HEARS:

PD High School in the Plans

PALM DESERT — A total of approximately \$120,000 will be accumulated from annual Coachella Valley Joint Union High School District funds by 1965 for purchase of a Palm Desert High School site, Dr. Albert Simay, assistant district superintendent, told Rotary Club members here Friday.

Dr. Simay emphasized that the money probably will not be sufficient for purchase of the needed 40-acre site. He added that a new override will be needed in 1965, to permit the district to continue construction funds accumulation.

"Taxpayers simply can't afford to continue bond interest funds on top of capital expenditure needs," Dr. Simay said. The tall educator—experienced in Los Angeles construction—explained that the \$1,350,000 sought from the 1960 override funds, would entail up to \$801,000 in interest payments. The interest total was based on 4.5 per cent average interest over a

College Tabs 470 Regulars, 1,100 Adults

PALM DESERT—College of the Desert enrollment in regular classes zoomed to 470 processed admissions Friday, with an estimated 10 to 15 more admissions being completed, Margaret Muir, college recorder, reported today.

The regular enrollments still in process may have been completed, but not yet tabulated on card files, a college spokesman said. Meanwhile, back at the evening school for adults, approximately 1,100 students have inked for fall courses. The adults, whose classes began convening Monday, still have a week to register for credit courses. Courses to be audited—taken without credit—will be open until individual instructors announced registration close.

The \$110,000 needed to complete the planning on the Tachevah Creek flood control project was assured today in Washington, Senator Thomas H. Kuchel of California reported.

The Tachevah Creek project, when completed, will protect 530 acres of exceptionally valuable residential and business property in Palm Springs.

It will also permit higher utilization of presently undeveloped and partially developed land, Kuchel said.

Collision of Ships Brings SOS Appeal

SAN FRANCISCO (UPI) — A 755-foot American super-tanker and a 338-foot Colombian cargo ship collided early today 20 miles south of the Golden Gate in fog "so thick you couldn't see your own shoelaces."

At 6:45 A.M. PDT, two hours after the first SOS was received from the SS Titan, the American vessel, crewmen of the Colombian freighter Rio Magdalena were reported to be standing by in lifeboats on the deck, awaiting a possible order to abandon ship.

The Coast Guard said the Rio, which left San Francisco at 12:55 a.m. bound for Los Angeles, had requested medical aid. There was no report of the number of casualties on either ship.

The Titan was beginning to head for port under its own power, the Coast Guard said. The super-tanker was inbound to San Francisco after a trip from Portland, Maine, via Texas and the Panama Canal.

The Titan was reported to have taken on water in the forecastle but was in no danger of sinking.

Broadway Slows

NEW YORK (UPI) — About 40 new shows are scheduled to open this season on Broadway — 10 less than last season and the lowest number this century. Among the reasons cited for the decline is the difficulty of lesser known producers in finding backers and the lengthening time a show must run to clear a profit.

Candidates Far Apart In Politics, Distance

By JOSEPH A. ST. AMANT
United Press International

Gov. Edmund G. Brown and Republican gubernatorial nominee Richard M. Nixon are far apart politically and they campaign far apart geographically today.

The incumbent Democratic governor toured the southernmost part of the state in San Diego County

where Nixon was up north in Lake, Tuba and Sutter counties.

Brown made the opening speech at Chula Vista in the annual Border Cities Conference, calling on delegates from Mexico and from United States border communities to join the crusade against the growing menace of narcotics and stamp it out forever.

The Governor then got down to a little campaigning, making a person-to-person tour of shopping centers in Chula Vista, Imperial Beach and National City.

Nixon staged a three-hour question-and-answer "telethon" on Salinas and San Luis Obispo stations, winding up at 1 o'clock in the morning. Later he flew to Lakeport and was scheduled to end his campaign day at San Francisco.

The GOP gubernatorial candidate, with movie stars Lloyd Nolan, Constance Moore and John Payne helping field telephone calls, offered opinions on a variety of subjects ranging from the integration crisis in Mississippi to the Francis Anti-Communist Amendment.

Nixon said Negro James Meredith "has every right to go to school there (at the University of Mississippi) if he wants to go. In any conflict with the President, the Governor (Ross Barnett) is bound to lose." Nixon did not outline any steps he thought would be necessary.

On the amendment, Nixon said the "object is worthy but one section has a flaw." But he said he would enforce it if it were passed.

He indicated he felt the U.S. Constitution should be amended to permit non-sectarian prayers in public schools.

Larry Newton, Gov. Brown's campaign manager for Salinas, said Nixon's television appearance "was one long commercial pitch that proved nothing except that he has a cure for everything and a remedy for nothing."

Other campaign developments: Democratic party leaders struck back at Nixon's promise to fire four administration officials if he is elected governor. Eugene L. Wyman, chairman of the state democratic central committee, counter-fired with this blast: Richard Nixon should fire Murray Chotiner, the pro-Birchers and the right-to-workers in his campaign before setting himself up as a personnel expert.

State Sen. Richard Richards, D-Los Angeles, seeking a U. S. senate seat, said personal income tax cuts at "both ends of the bracket" are needed to stimulate the nation's economy.

Girls Walk Away Unhurt From Auto Rollover

Palm Springs police today are seeking two young girls who walked away from the rollover of an old sedan early today.

Police were told that the girls climbed down the vehicle after it rolled down a 25 foot embankment at Horizon Trailer Park. The vehicle came to rest at the bottom of the embankment, near a row of oleanders, investigating officers reported.

The girls, who talked with some trailer park residents were driven away in a car which had been pushing the sedan in which they had been riding, officers said.

Tension Up As Schirra Launch Near

CAPE CANAVERAL (UPI) — Tension mounted today as the critical four days of preparations began for a rocket launching aimed at sending astronaut Walter M. Schirra six times around the world next Wednesday.

Technicians conducted almost continuous checks to make sure that the myriad instruments and seven miles of wiring inside Schirra's Sigma-7 space capsule and the 50,000 moving parts in the Atlas booster remained in shape for the dramatic mission.

The 39-year-old astronaut, meanwhile, began preparations to enter Hangar S on the cape, his "home away from home" during the last few days before the countdown.

Hangar S, about three miles from the launching site from which Schirra will be fired into space, includes living quarters and medical and training facilities for the nation's astronauts.

There he will undergo the final physical and psychological examinations necessary before he can be cleared for spaceflight.

Friday, the slender Navy commander ran through a simulated flight to check out his bell-shaped capsule, the instruments on which his life will depend and the worldwide Mercury tracking network that will keep in touch with him every mile of the way.

The test ran smoothly. Schirra even simulated the photography sessions in which he will attempt to take pictures of earth and cloud formations at strategic points during the nine-hour flight.

The Palm Springs Camera Club will open its season of contests, programs, workshops, field trips and social affairs with a get-together dinner of members next Friday, at 6:30 p.m. in Sambo's Pancake House, according to Tyng Libby, Social Chairman.

The contest meeting will convene promptly at 8 o'clock in the clubroom of the Security First National Bank in Palm Springs. Mrs. Albert Page Jr. has announced the contest to be of general subject matter and suggests exhibitors get their slides registered for the contest any time after 7:30.

Mrs. William Rogers will be in charge of the coffee hour following the contest. Mrs. Rogers is reminding members that dues are in order at this meeting and urging new members to join at the first program in order not to miss any of the scheduled events of the season.

Smith MacMullin, APSA, chairman of council activities has asked members to bring their nature slide entries to be considered for the Wind and Sun Council Traveling Nature Salon.

Leon Rosenberg Now Chairman For Cranston

Leon Rosenberg has accepted the post of chairman of the attorneys of the attorneys of the Desert area of the Desert area to re-elect State Controller Alan Cranston.

Rosenberg, who has law offices in Palm Springs, will spearhead the drive among local lawyers to retain Cranston as California's chief fiscal officer. He also is responsible for keeping California's books and auditing and balancing more than 25,000 separate accounts.

"Alan Cranston has conscientiously publicized California's financial situation from month to month so that the people can know how their money is being used in Sacramento," Rosenberg said in accepting the campaign post.

Rosenberg is finance director of the Boy Scouts, a member of Rotary Club, senior vice commander of the Jewish War Veterans, a graduate of Loyola University and University of Paris, graduate school. He is associated with Thurman Arnold Jr., in law practice.

Ray Ryan Now Eulogizing the Swimming Pool

While songwriters and bards continue to immortalize mountain streams and lakes, Palm Springs' Ray Ryan is bent on eulogizing the swimming pool. Ryan, whose El Mirador Hotel boasts the desert resort city's first public pool, will honor the owner of the 3,000th pool to be built within city limits.

The honoree will be Ryan's guest at a dinner party at El Mirador's new Bavarian Room, which is slated for completion in three weeks as a colorful replacement for the venerable South Pacific Room. The Bavarian Room, part of \$1,750,000 worth of improvements wrought at El Mirador in the past year, will be substantially larger than the South Pacific Room. It will feature German style food and draught beer.

Ryan's swimming pool splash is considered a timely one. The very nucleus of Palm Springs life, Palm Springs' swimming pools now total close to 2,800. If you divided these pools among the desert city's 16,500 permanent residents, you'd have one pool for every six people. It adds up to the highest per capita swimming pool rate in the world.

enjoyment, according to Roy Hitchcock, new public relations director at the museum.

Hitchcock said that both a business membership and a family membership have been created by the museum in order to encourage greater attendance at the many programs scheduled by the museum.

He said that a business may include its employees in its annual membership by paying an extra \$3 for each annual pass. Under the family membership plan, minor children will be issued annual passes for the same \$3 amount when the husband and wife take membership, Hitchcock said.

Further information may be obtained on the new membership plan by contacting Hitchcock, who said he would like the opportunity to outline benefits to businessmen and to explain a new trust plan to men and women interested in income and tax benefits, plus recognition in a living memorial.

Other museum plans include publication of books relating to the desert area to increase knowledge along historical, ethnological and botanical lines; and a Museum Quarterly is contemplated to help in the exchange of knowledge and ideas between other institutions, scholars and scientists, as well as the interested public.

Desert Hot Springs Has New Rules for Chamber

By ELLEN SAUNDERS **DESERT HOT SPRINGS**—Rules to govern conduct of meetings of the Desert Hot Springs Chamber of Commerce and its decisions in relation to the months old controversy over the benefits to be derived from hot water pumped from a well with a temperature of 100 degrees or more versus water obtained from wells pumped by the local County Water District at a lower temperature, has been adopted at a closed meeting of the board of directors.

The rules were recommended by a policy committee headed by Rex R. Ross and composed of directors, May O'Harra, James Collins and Michael Michalkiewicz, first vice president of the chamber.

The committee also included Myron Johnson, who is not a director of the chamber, but is a member of Spa-Tel, an organization of motel owners here who own their own hot water wells.

The rules are as follows: "The meetings of the Chamber of Commerce will be governed by the Roberts rules of order. Any controversial subject injected into any meeting by a member of the audience, must be submitted in writing and referred to the policy committee, for clarification and recommendations and presented to the directors at a later meeting. Subjects of the above nature suggested by a director, shall be referred to the policy committee and follow the same procedure."

The chamber also adopted a resolution to the effect that: "In the future the chamber will base all decisions on the following: Is it best for Desert Hot Springs? Is it fair to all concerned? Will it build good will and friendship? Will it be beneficial to the Community?"

In relation to natural hot water, the chamber agreed that it "would abide by the standards of the Desert Hot Springs County Water District, namely that any water pumped from a well that is 100 degrees or more in temperature shall be considered as natural hot water."

"Swimming pools either heated or using natural hot water, shall not be classified as hot water pools, as the chamber shall construe the word hot to pertain to waters of 100 degrees or more."

"The words hot, lounging or therapeutic may be used in advertising through the chamber when pertaining to pools of 100 degrees or more."

LINCOLN CONTINENTAL

This is the total-car warranty

Ford Motor Company warrants to its dealers, and its dealers in turn warrant to owners, as follows: that for 24 months or for 24,000 miles, whichever comes first, free replacement, including related labor, will be made by dealers of any part with a defect in workmanship or materials. Tires are not covered by the warranty; appropriate adjustments will be made by tire companies. Owners will remain responsible for normal maintenance services, routine replacement of parts, such as filters, spark plugs, ignition points, wiper blades and brake or clutch linings, and normal deterioration of soft trim and appearance items. The benefits of the warranty are available to the original purchaser and to subsequent owners of the vehicle during the time and mileage limits prescribed in the warranty.

Here is what it means to you

The new 1963 Ford-built cars and trucks are quality-engineered and manufactured to serve you better and last longer than ever before. The proof is in the warranty ... proof of quality unheard of a few years ago.

In fact, it was only two years ago that Ford Motor Company announced the 12-month, 12,000-mile passenger car warranty which became the industry standard as other manufacturers followed Ford's lead. At the same time, Lincoln Continental became the only American-built car warranted for two full years or 24,000 miles, whichever came first. Now, this warranty applies to all Ford-built cars, regardless of price. Why is this possible?

Actually, the new warranty is a natural outgrowth of the engineering leadership that has resulted in twice-a-year (or every 6,000-mile) passenger car maintenance. It goes hand-in-glove with such Ford-pioneered service savers as the elimination of the 1,000-mile inspection ... 30,000- to 36,000-mile intervals between major lubrications, 6,000-mile intervals between oil changes and minor lubrications, self-adjusting brakes, aluminized mufflers, and longer-life electrical systems.

These features that save you time and money as you drive are a direct reflection of the total quality achievements of Ford Motor Company.

Lavorante Still In Coma, But Remains Alive

LOS ANGELES (UPI) — Alejandro Lavorante still was in a coma today, but he also still was alive. And doctors said the longer he remains alive—in a coma or not—the better would be his chances of surviving the injury he received in the boxing ring.

The handsome Argentinian fighter, unconscious since he was knocked out a week ago Friday by Johnny Riggins, today continued his second full week in the full coma.

Twin Bills Slated for LA Angels

CLEVELAND (UPI) — The Los Angeles Angels' finish in the American League still was undecided today as Los Angeles scrambled to close the season with two doubleheaders against the Cleveland Indians.

The Angels battled the disappointing Indians in a twin-bill today because Friday's scheduled doubleheader was rained out, and then the Angels finish up their second year in existence with another pair against Cleveland Sunday.

Although the Minnesota Twins Friday clinched at least a tie for second place, if the Twins lost their remaining two and the Angels won their remaining four, Los Angeles could cap off a surprising season by finishing in a tie for second.

Then again, if the Angels drop all four while Detroit is dumping Kansas City and Chicago defeats Minnesota,

THREE TD PASSES

Indians Football Team Scores 21-0 Win

Forty-three happy Palm Springs High School Indians traveled home last night after thoroughly trouncing the Perris Panthers, 21-0, in a non-league football tilt.

Last night's victory was a tremendous team effort all the way for the local Tribemen as they displayed an excellent defensive and offensive game throughout the four quarters.

Oddly as it may seem, all three TD's scored by the local gridders came via air.

extra point attempts proved successful, following the six point tally.

Later in the second quarter, Erickson flung another TD bullet to Steve Foster, an end, who tipped into the end zone for the Indians second touchdown of the game. When the two teams left the gridiron at intermission time, the local boys were leading, 14-0.

In the fourth quarter, the Indians added more icing to the cake when Bill Bradley, playing quarterback,

game over the first gridiron tilt, just one week ago.

During the first half, the Indians passers completed three out of five attempts, and the ratio went just about that way during the last two quarters.

The Palm Springs Booster Club will meet Monday at 8 p.m. at the high school cafeteria at which time movies of the Palm Springs

on the team to be on hand Monday evening at 8 o'clock at the School. The Booster Club extends an invitation to all parents of players of the pigskin victory.

SF Giants Get Rained Out

SAN FRANCISCO (UPI) — The San Francisco Giants, battling for their lives in the nerve-racking National League pennant drive, may know their fate today after playing an unexpected doubleheader with the Houston Colts.

CHICAGO (UPI) — The Chicago Bears and the College All-Stars played to a scoreless tie in their first meeting, Aug. 31, 1934.

MAGIC NUMBER IS STILL TWO

Dodgers Drop 10 Inning Game To St. Louis Cardinals, 3-2

LOS ANGELES (UPI) — The magic number for the Los Angeles Dodgers was two, but the days left in the regular season also were two as the National League pennant race was headed down to the wire.

The San Francisco Giants were forced into a doubleheader today when Friday night's game with the Houston Colts was postponed because of rain. With the Giants and Colts meeting in day games, the Dodgers' hopes were that the newest National League club could take at least one game.

Friday night the St. Louis Cardinals, the only club to have a seasonal edge over the Dodgers, pulled out a 3-2 win in 10 innings to prevent Los Angeles from clinching at least a tie for the pennant.

The Cardinals used Larry Jackson, the pitcher who makes a career out of beating the Dodgers, to gain the victory. Jackson went the entire way to achieve his 16th win. He gave up nine hits but only in the first inning did he allow two hits in one frame.

Musial Hot Again
Outfielder Charlie James drove in the winning run in the 10th inning when Dodger reliever Ron Perranoski gave up three hits. But the impetus for the Cardinal victory came from the incomparable Stan Musial who drove in a run in the fifth to put the Cardinals ahead, 2-1, and then singled in the 10th to set up the winning run.

Curt Flood led off the 10th with a single and Musial's single sent

him to third. Ken Boyer then grounded to third base and Jim Gilliam threw out Flood at the plate. After Bill White forced Boyer, sending B.G. Smith, who ran for Musial, to third, James

singled in the winning run. "We're still in there with the lead," manager Walt Alston said. "Don't forget that in 1959 we had to win a playoff to get into the World Series. And in 1956 we had

to win a doubleheader on the final day of the season."

The loss overshadowed the performances of shortstop Maury Wills and outfielder Tommy Davis who had three hits each of the nine Jackson allowed the Dodgers.

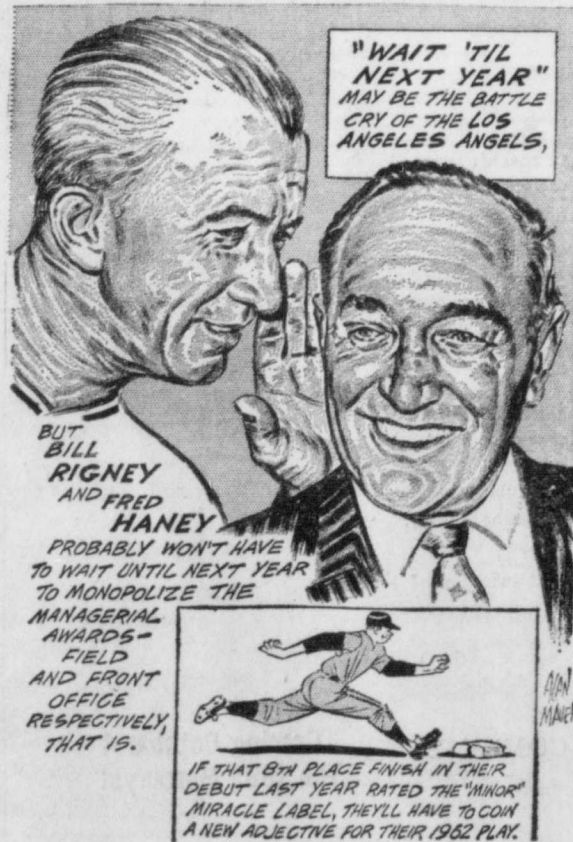

Another Wills Record

By playing Friday night, Wills equalled the National League record for appearances with 160 games and his three hits which raised his season total of 204 gave the most hits for a shortstop since Dave Bancroft achieved 209 for the New York Giants in 1922.

Tommy Davis ran his batting average up to .349 and when he drove in the first Dodger run in the first inning it was the 150th he had batted in by a player since Joe Medwick had 154 in 1937. Davis now has a 13-game hitting streak and his 226 hits are the most in the majors since Musial hit 230 in 1948.

For the second straight night Ron Perranoski was the losing pitcher. Pete Richert lasted into the fourth when he loaded the bases and Ed Roebuck took over to retire the side. But Roebuck gave up the run in the fifth on Musial's hit and Larry Sherry then pitched two scoreless innings before Perranoski came into the game.

Spa Golf Layouts Manicured for Season

Pros See Top Play For 1963

15 Desert Area Links Awaiting Winter Golfers

By BOB ABBEY

Fifteen of the nation's most lushly colorful and challenging courses, linked together and tagged as the "Winter Golf Capital of the World" which sprawls throughout this resort desert area, one by one, are shedding summer laziness, preparing for the coming season which has all the earmarks of surpassing any in the past.

Most of the beautifully groomed golf courses have been open for play during the past summer months, but some closed either front or back nines to manicure and improve playing conditions.

Information from Eddie Susalla, managing director at Indian Wells Country Club, reveals that not only is the course the only one in the desert area that maintains cart runways six feet wide from the first tee to the 18th green, but much remodeling has also been done.

Large Putting Green

The green on the second hole has been enlarged and the 16th green has over 12,000 square feet of putting surface now. Over the entire layout, several more sand traps have been added supplying more challenge to the championship course. Each of the four lakes has been remodeled adding more sparkle to the beauty of the 18-hole layout.

Golfing members have been playing during the past months, but as far as the 19th hole is concerned, it will officially open today, Susalla said.

The 1962-63 season finds the La Quinta Country Club's beautiful 18-hole, 72-par, championship golf course more sporting than ever. The club's own golf course architect has added new sand traps, new contouring and other changes calculated to make it one of the most challenging tournament courses in the country, says club pro Dick Goekner.

Greens Remodeled

Most greens have been redone in bent grass and some have been made larger; new traps that blend with the new contour surround the first, ninth and 18th greens; descender of the old Scottish traps, these are deep and well-lipped. On the 6th, 16th and 17th, new palm trees have been planted to close in the fairways, and the entire course is now surrounded by Tamarisk trees.

The trap at the right side of the green on the 10th has been made smaller to give a larger opening to the green, and on the left of the second fairway, there is a new trap — about 240 yards from the tee — that requires a "verry canny" tee shot indeed.

Kept to the Scottish traditions of the "Royal and Ancient Game of Golf," the La Quinta Country Club is the only one that maintains the historic usage of true roughs, and as a consequence, it is a real challenge to the lover of the links.

Canyon CC A Gem

One of the courses within the city limits of Palm Springs, the Canyon Country Club, which will celebrate its first anniversary Jan. 1, now has 560 fully grown trees. These include Washingtonians, date palms and olive trees which add more beautification to the glamour of the layout.

Surrounding the clubhouse grounds are 17 fully grown arbovitae trees and several oleander bushes have also been planted this summer.

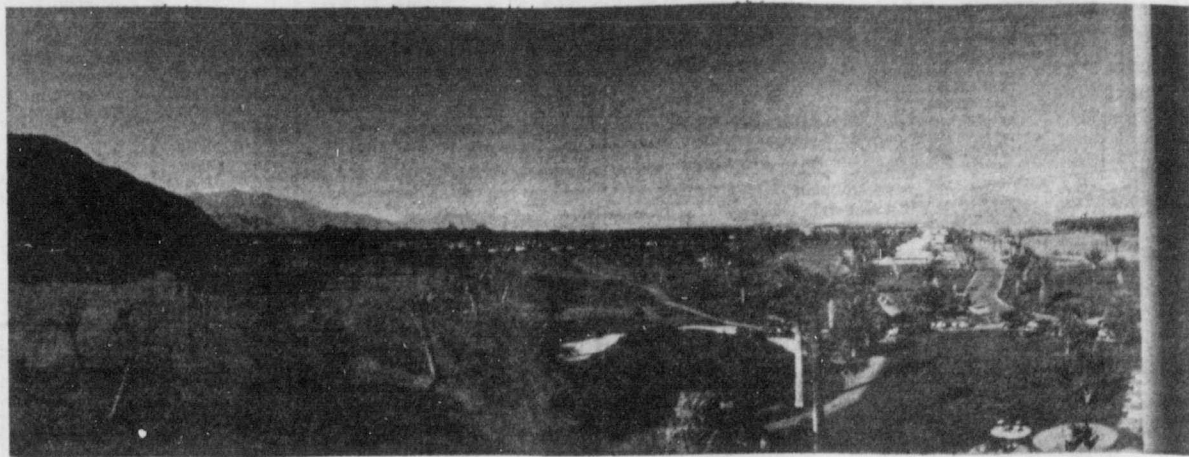

On the far side of the lake reservoir in front of the clubhouse and along the fairway of the ninth hole a rock fountain and waterfall, complete with colored lights, has been constructed.

Another attractive feature between the 9th and 10th hole is a Snack Kiosk with fountain and canopy, designed by Harper Goff, former Oscar winner for his art work in "Twenty Thousand Leagues Under the Sea," produced by Walt Disney.

Harry Cirata, greenskeeper superintendent, is delighted with the progress made by seeding of Bermuda grass on the course and predicts a verdant, well groomed golf layout for the coming season. All 18 holes are now open for excellent play, Jack Quigley, club manager indicated.

Jack Koenecker, nationally known golf pro, who has been with the Twin Orchard CC in Chicago this summer, will return this season to handle the reins in the pro shop.

Golfers throughout the nation

THIS SHOWS the 16th green at Indian Wells Country Club before it was enlarged to its present size and shape

which has recently been accomplished to a total of 12,000 square feet. (Desert Sun Photos)

Bermuda Dunes Country Club's spacious links and have thrilled to its sportiness will find it more picturesque than ever this season.

Embarking on its fourth year of dynamic growth, the course is in its finest flower of condition. This is the unanimous opinion of staff members as well as club members and guests who have been getting in some early golf.

All agree that the course has never been in such good shape. The 16-acre emerald carpet that converted the romantic dunes into one of the nation's most celebrated oases has never been more lush.

This resplendent greenery stems from the new sprinkling systems that were added this summer, bringing Bermuda Dunes' water system supply to fairways and greens in greater abundance than ever. Bermuda Dunes has always possessed a potent ally in the form of an underground dyke that channels mountain water into a series of connecting lakes laying far beneath the sandy surface of the course community. Now, thanks to the improved sprinkling system, the subterranean reservoir is nurturing Bermuda Dunes' spacious fairways, grassy dunes and carpet-like greens in a more concentrated manner.

Pro Ed Vines is due back Oct. 5, and should be pleasantly surprised by the improvements that have been wrought in the pro shop. It has been completely remodeled and some new and unique display areas have been added.

Also during the summer the club enlarged its executive offices by 1,800 square feet and added seven salesmen to its sales staff.

The club's unofficial opening occurred this past weekend. The official opening party is scheduled for early in November, with Nov. 11 being the most likely date.

Successful Summer

One of the club's most successful summer activities was the first annual Huckleberry Finn fishing derby and golf tourney. The former, which stirred memories of Mark Twain, was held at the golf club's 18th hole lake, Lake Bermuda.

One of the glittering improvements of the links was the extensive landscaping on the perimeter of the links, the revamping of all sand traps and the enlargement of its multitudinous lakes. The eighth fairway lake, for example, has been expanded to twice its original size.

San Jacinto CC

Not only in the winter months, but during these past summer months, members of the San Jacinto Country Club have enjoyed complete country club living. The championship, 18-hole course with its beautifully trapped and greened layout located on the desert floor at the base of famed San Jacinto mountain offers one an upward glance to the gate of the

Palm Springs Aerial Tramway to be completed in May of next year. One of the newest additions to add beauty to the San Jacinto CC layout is the recently installed water fountain overlooking the clubhouse, dining room and cocktail lounge.

Ezra Moore, greens superintendent, has indicated that the fairways and greens are in the best of condition and members and guests of the club will enjoy another complete winter of fine golfing.

Jack Wilson, managing director of the San Jacinto CC, will be assisted by other members of the staff, Eloise O'Donnell, recording secretary, and J. D. Teddy, club manager.

Ron Nicol, club pro, will be assisted by his father, Jim Nicol, in the pro shop and other teaching professionals.

PS Golf Course

Zell Eaton, will once again head the course as pro-manager with Everett (Al) King as assistant golf pro. Eaton reports that 10 new golf carts, to be delivered Oct. 1, to bring the existing fleet of carts to 36. The additional carts will enable the course to provide better service for its players.

Golf Course Superintendent, Bud Phelps, reports the building of seven new tees to make the length of the course 7,192 yards from championship tees. The course received 40 tons of rye seed this month for the re-seeding program and during the summer the 3rd, 7th and 12th greens were enlarged.

Request for tournament dates in the coming fall and winter months have been pouring in

Summertime Tournaments Successful

A number of two-day golf tournaments were staged on various golf courses throughout the 'hot' summer months to steal some of Palm Springs' 'label' as it being the "Golf Capital of the World."

Two 36-hole events were staged at the Palm Springs Golf Course. A successful and exciting "Laurie's Black Angus" tournament was the kickoff of the summer tourneys, and the other staged at the PS links was the highly regarded "Summer's End" 36-hole event.

The San Jacinto Country Club staged two successful 36-hole tournaments — both bore the name "Some 'R' Rounders." These two tournaments drew upward of 125 men golfers and nearly 20 women linksters. Many of the club's members from Southern California spending the summer months on the coast came to the resort desert area to participate in the two events.

AFTER ADDITIONAL putting surface was added to the 16th green at the Indian Wells Country Club, giving it a total

of 12,000 square feet, this is how it appears to the golfer as he prepares for his approach shot.

throughout the summer. Some of the organizations which will be back again this year sponsoring tournaments are City Championship, Associated General Contractors of America, Rocketdyne Corp., Palm Springs B.P.O. Elks Club, North America Aviation, Laurie's Black Angus Invitational, Hughes Aircraft, Southern California Public Links Golf Association, Left-handed Golfers Association, and several more.

The Biltmore Hotel will hold its first invitational golf tournament at the PS Golf Course on Dec. 15-16. This is the first year the Biltmore has sponsored a golf event and it shapes up to rank along with the finest.

Eaton, who is gaining quite a reputation along the tournament trail in the summer months as a long puttin' dude, indicated the club will continue the policy of last season, with the ladies having a special rate one day a week. He also mentioned that golfers wishing to join the Palm Springs men's or women's golf clubs may do so by contacting the organization chairman or the PS Golf Course.

Opens Fourth Season

The Shadow Mountain Golf Club officially opened its fourth season on the weekend of Sept. 15. They have revamped four greens and added many sand traps to the layout to put it in excellent shape for the sharpshooters touring the beautiful course.

Due to the age which has been added to the palm trees as well as the sleek condition of the fairways and greens, the over-all course plays exceptionally well.

Although the Shadow Mountain course is only approximately 5,600 yards long, it requires great accuracy and considerable satisfaction is derived by the golfer who can appreciate the low par of 69.

Thunderbird CC

The major improvements on the golf course at the Thunderbird Country Club were made last year, at which time the management transformed all of the greens to bent grass. However, like all golf courses, they continue to make numerous changes. This season they improved the area around the greens by transplanting sod of bent grass about 10 feet wide around each green. The area will not be trimmed as close as the green itself, and will act as a

buffer to keep the Bermuda out of the greens, and at the same time, make a fine grass for approach shots.

The new greens superintendent, George Lamphear, and his crew, have been busy developing the putting surfaces and cushion qualities of the greens.

Sand traps have also been groomed and filled with fine white sand, which will prove to be a challenge to any player unfortunate enough to enter the area.

A number of the tees at T-Bird are being lengthened and resurfaced to provide a perfect stance for all shots.

Planting of additional citrus and palm trees along the edges of the fairways will enhance the beauty of the Thunderbird CC. All of the cart paths on the course have been reconstructed and improved so they will be in perfect condition for the upcoming season.

Claude Harmon, club pro, and his staff have been at the club the past several days preparing the operations for its opening Oct. 1.

Twenty new Turf Rider golf carts have been purchased and will be quite sufficient to alleviate the shortage of carts which hampered the operation the past several years.

Numerous members have already returned to the resort desert area, and judging from the room reservations received, it looks like the biggest season ever at the Thunderbird CC.

Eldorado CC

The Eldorado course is in superb condition under the supervision of Ernest Demarvix, superintendent, and Randolph Scott, greens chairman. Many trees have been added and others rearranged. Presently under construction is a series of new cart paths.

Six new homes are under construction at the swank Eldorado Country Club and the official opening of the dining room for breakfast and lunch will be Oct. 13. No dinners will be served until the opening party Nov. 9-10, club officials announced. The snack bar is open at the present time for the early linksters.

Manager William Daugherty has had no official word from Gen. Dwight D. Eisenhower, but the club anticipates his presence sometime around the first of the year.

THE PUTTING green at the Palm Springs Golf Course has been processed to make it one of the finest in the resort desert

area. Testing the putting surface of the green is Zell Eaton, pro-manager and Bud Phelps, greens superintendent.

A FOURSOME of senior citizens, members of the Palm City Golf Course, were getting a personal "boost" off the No. 1 tee from Club Pro Pete Ferentz, as he teed the ball up for Jim MacDougall, left.

oldest course in the "Winter Golf Capital of the World." — the beautiful, nine-hole O'Donnell Golf Club. This sporty layout is but a chip shot—literally a block—from the main thoroughfare in Palm Springs — Palm Canyon Drive.

Although it is a nine-hole layout, there are extra tees for 18 holes making it a pleasant and at the same time a challenge for the ardent golfer.

Larry Sitter, club manager, announced that the third green has been completely remodeled which enlarges the putting surface considerably.

The golf course reopened Sept. 15, and will really get into full swing in October. One of the big events staged at the sporty course is the annual Desert Senior Open golf tournament, to be staged this year Nov. 12-15, according to Sitter. After the first of the year, the Desert Seniors tourney will be staged there also.

Heading the list of the returning personnel will be professional George Howard, who has been club pro there for over 25 years. Jack Carroll will return as head starter for the members and playing guests at the O'Donnell Golf Club.

Cochran-Oddum

The Cochran-Oddum, built in 1945 boasts the recognition of being the second link of golf courses which now comprises the chain of 15 making up the "Winter Golf Capital of the World."

The 50-acre, par-72 course weaves over a distance of 6,076 yards with nine greens, but having unique double approaches and double tees giving the golfer many challenging shots one will find on any championship course.

Heading the busy crew behind the club is the popular pro-manager Roger Pettit, who has been associated with Jackie Cochran, the famous aviatrix who has more speed records for women than any aviatrix for over 13 years now. Recently little Tony Marimon, known as the "Tiny Tiger," and three-time winner of the County Amateur golf crown, joined the staff as assistant pro. Marimon was unsuccessful in defending his county amateur crown this year, when he lost in a sudden-death play-off to an Air Force officer from March AFB.

The beautiful course is located west of Indio and during the recent months has been completely re-seeded and minor remodeling has been done on many of the greens, sand traps and tees to add still more beauty and lustre to the beautiful Cochran-Oddum Ranch Golf Club.

Westward Ho

Also located at the lower end of Coachella Valley is the Westward Ho golf course which opened a year ago April. The nine-hole, par 72 layout, which stretches out over 6,715 yards and has 18 separate tees for the nine holes, is an excellent competitive layout for professionals as well as the Sunday "duffer."

The western theme at the Westward Ho course has continued since it was built and still carries that as a standing "trademark" throughout the desert area.

The famed Beverly Hanson, who in private life is Mrs. Andrew Spingi, continues at the helm as golf pro at Westward Ho and states that several improvements have been undertaken these last few summer months to add still more beauty and sportsmanship for the golfer spending a day on the links.

Members of the Westward Ho Men's Golf Association, over 500 strong, was active this past winter, and indications point toward a busier and more active program for the members in the months ahead.

Riviera Tests Skill

A 2,000-plus layout, the Riviera Hotel Golf Course, is a testing ground for golfers who usually play the bigger courses. This nine-hole course is located nearly in the heart of Palm Springs, and joins the other four within the city limits.

By no stretch of the imagination can this sporty golf course be considered a pitch-and-putt layout, for it was designed for the accurate golfer and is a true test for the linkster who can control both iron and woods shots dead-on to the green and flag.

Dale Andreason, one of the foremost golf instructors in the game today, is pro - manager of the course, the driving range and the putting green.

The course this summer has been open to not only residents of the hotel, but local golfers and visiting linksters as well.

As like the other courses joining the Riviera Golf Club to compile a total of 15 throughout the area, it too has undergone minor remodeling and re-seeding to provide the very finest in golfing for the coming season. Several of the "novelty" greens, named after outstanding local residents and golfers, have been given a fine-combed manicure to provide the players with the very best in golfing facilities.

Tamarisk CC

Like all of its neighboring links, golf at the Tamarisk Country Club is the No. 1 business, and the championship course is routed over 7,052 yards.

J. Dave Anderson, club manager is starting his second year at that position and has been there these past days preparing things for the coming winter season.

Paul Adessi, greens superintendent, has been busy as a bee these past weeks getting the course in

excellent condition for the many members who have commenced to pour in in anticipating a fine season of golfing.

A Tamarisk CC spokesman indicated that many new golf carts have been added to the "fleet" available to members and guests of the club.

Several of the local members have played the course during the summer, but the tempo of play is rapidly increasing indicating the season is well on its way.

Golf Professional Ellsworth Vines heads the crew of instructors and is expected back in due time to accommodate the members at the time of the official opening. As in the past years he will be assisted by pros Nick Turzian and Bill Kitzmann.

Palm City GC

The last, but not least, and the 15th course to link up with the other 14 golf layouts is the Palm City golf course. Officially the course opened in early January with only three holes.

When it became a complete nine-hole layout, it came in like "gang busters" to hook up with the other 14 gems up and down Coachella Valley.

National PGA Senior Golf Champion, Paul L. Runyon, was on hand to play an exhibition round to raise the curtain on the Palm City senior citizens golf course.

Pete Ferentz, club pro, indicated the course has had its share of play during the summer and Monday morning the entire course will be planted in rye. The course, according to Ferentz, will be closed for approximately 10 days and in two weeks time it should be in excellent condition.

Palm City, a \$30 million "active" retirement community is but a few miles southeast of Palm Springs. The senior community requires that one member of each family be 50 years of age or over to establish residence there.

The final nine holes of the course will be opened Jan. 1, Ferentz revealed, making it another 18-hole layout to add to the over-all pleasure of the thousands of golf lovers who pour into this resort desert area each season to leave no doubt that it is the one and only "Winter Golf Capital of the World."

'Everybody's' Back and the Season Opens

QUIETLY ENJOYING each other were the William A. Bushmans, winter residents here from New York and Los Angeles. Their spectacular Palm Springs home was recently told about in an issue of Architectural Digest.

A FUN THREESOME included David Bixler, executive vice president of Bermuda Dunes, his pretty wife, and Mrs. Red Nichols. (her husband — Red Nichols and His Five Pennies).

MEMORIES of Palm Springs days long ago was the chief topic of conversation at a table which included the Dick Stannards of the Tramway Inn Motel (left) and Mr. and Mrs. Victor Claridge, former Villagers now at Laguna Beach.

Society To Give Supper

Women of the Altar Society of Our Lady of Guadalupe Catholic Church are giving their first covered-dish supper of the year to-morrow evening, beginning at 5 o'clock.

The affair, which is open to the public, will be held in the Parish Hall of the church on Arenas Road and El Segundo. Tickets will be available at the door.

Heading the committee planning the supper is Mrs. James B. Fleming, 1962-63 president of the Altar Society.

It Was QUITE a Party . . .

The fun about coming to a new town is that I learn with delight and surprise about things you all have known for years. It may be old hat to you, but it's a ball to me.

And everything I learn just adds fuel to the flame of my love affair with the desert.

Take, for instance, the matter of openings. Grand or otherwise. Someone — I believe it was Mrs. Glenn Austin — has told me that openings are a Thing in Palm Springs . . . that it has become traditional for those who enjoy a night on the town to be on hand when the better known restaurants, cocktail lounges, and hotel "rooms" open their doors for the autumn season. Openings, in fact, are social events of some importance, where Villagers who have been away for the summer gather to compare travel notes, greet friends "long lost" for several months, and exchange news of plans for the capital S'ed Season.

(I am told, too that in a more subdued manner, it is also traditional to help close these same doors when the season ends in a gush of desert heat.)

Ruby's Opens

Apparently out - traditionalizing these traditional openings was the little soiree cooked up at Ruby's Dunes, which was packed to its quivering walls from 7 o'clock to almost midnight not only with Villagers just returned to the desert, but also with Palm Springs enthusiasts who came down from Holly-

wood and Beverly Hills just for the bash.

Even to one of my advanced years, Famous Names carry a certain thrill, and it was fun to see Alice Faye and Phil Harris (Alice still dimpled and beautiful in a sleeveless wheat-colored sheath with matching pumps) . . . Phil Regan and his wife (Jo smart in a blue linen suit with a scarf sari, wrapped over her smooth hair) . . . Jimmy Van Heusen, the song writer . . . Tony Francioso, the actor, and his bride . . . and the Cliff Hendersons (she, of course, was Marian Marsh).

Pretty Clothes

Having more fun, perhaps, than anyone else were Mr. and Mrs. Norman Jansen, who had as their guest, Miss Ida Beard. Loyal and unflagging opener-uppers, this was the FOURTEENTH consecutive year he and his laughter-loving wife have been on hand to launch the season and help Ruby and Connie swing wide their Chinese-red doors.

The Glenn Austins dropped in briefly, she slender and smart in a white sheath (to match the white patch on her recently operated eye) . . . Jean Fritz was there in a luscious black crepe, carrying a mink stole . . . Newcomers to the desert enjoying every moment were Mr. and Mrs. Glenn Davis (Mrs. Davis also in a black sheath — hers off-the-shoulder for an interesting neckline) . . . two others just now getting sand in their shoes. The Lewis Taubmans, who were guests of Dr. and Mrs. Dan Kaplan.

Other Guests

A threesome which arrived early were Mr. and Mrs. Dolph Oberfels and Mrs. Edward Rothbart (Edna's husband is still in Europe). Kay (Mrs. Oberfels) and Edna were still bubbling over the past summer they spent painting in Europe with Mrs. Jay Warfield Rogers (Tress will be out from the East later this season), and they are quite MAD about the little town of Positano in Italy, where they found not only fabulous scenes to paint, but fabulous clothes to wear at incredibly fabulous prices. Kay was wearing one of her Positano ensembles — a beigeish top and slim capri pants of raw silk tweed with a cunning pair of blue and gold sandals with pert heels that came at less than rummage-sale prices. Edna was in a blue linen suit, the top of blue and white chiffon matched by the lining of the jacket. She looked so pretty.

Stunning in a silk cotton frock by Maxwell Shieff was Mrs. David Margolis (HE was there, too), her gently full skirt and cap-sleeved bodice fashioned of huge squares

EYE-CATCHING in a lame-topped sheath of white, Mrs. Walter Melrose is photographed at the opening of Ruby's Dunes with her attentive husband.

in gray, black, and white. At the table with them was the enchantingly named Miss Kelly Kelley (honest), a tall willowy blonde in a champagne silk sheath. Lovely, too, in a white sparkly knit and silver-blue mink was Mrs. Irwin Schuman, hostess at a table which included Mr. and Mrs. Vic Stannard and the Victor Claridges, former residents of Palm Springs still carrying a torch for the desert.

Still starry-eyed over the pretty wedding of their daughter, Marilee, were the Isadore Singers. At another table, Dr. and Mrs. Kenneth Grow were telling about their summer at Jackson Hole, Wyoming, from where they have just returned.

Anything Went

Clothes ran the gamut from the relaxed sport to the pretty-much-dressed-up sheaths and gorgeous sequinned sweaters-cum-fur (Phil Harris even had on a white coat). Buddy Simon (she there with her "Si") was in a stunning linen suit of cream and ombre stripes . . . Hattie and Ted Charlston arrived with Hattie in a blue-checked suit . . . at another table were Earl and Helen Henderson, Mrs. Henderson in soft blue dotted chiffon (blue is apparently QUITE good this year) . . . and looking wonderfully slim after dropping an heroic number of pounds, Betty Noles was in beige silk as she chatted with her husband, Dr. Sidney.

Spotted at other tables . . . Gretchen and Waltah Clarke (she stunning in bright tangerine linen . . . Mr. and Mrs. Asher Levy . . . Jack and Mary Quigley . . . The Carl Lessermans . . . Mr and Mrs Ralph Singer . . . the Alex Jablows . . . and dozens of cousins — some of them kisin'.
